

OPEN DAY AT THE ENVIRONMENTAL PARK OF THE MRC DU HAUT-SAINT-FRANÇOIS

**105, Maine Central, Bury
on Saturday, November 1st, 10:00 am until 2:00 pm.**

During this day, you can ask any questions you want and visit the landfill site, the ecocenter and the centralized composting GSI Environnement. It is a good occasion to learn more about the residual materials. It will be also possible for the interested to understand the new obligations of the laws and regulations of the « Règlement sur l'enfouissement et l'incinération des matières résiduelles (REIMR) » which the MRC will have to respect very soon. It will be also possible to consult the plans of the future technical landfill site. The ecocenter will be exceptionally opened to any customers including institutions, businesses and industries. For more details concerning the accepted materials, visit the http://www.mrchsf.com/grands_projets/ecocentre_materials.pdf or communicate with the environment service: 819 560-8400 ext. 2109

Those who will come to the open day can get themselves a FREE bag of COMPOST courtesy of GSI Environnement and a bag of WOOD MULCH courtesy of the MRC.
